Sunbelt Coast Resorts & GNP Availability List Added to CoastResorts.com

A Coast member suggested that we provide a list of the Sunbelt Coast resorts and Good Neighbor Parks (GNPs) that have availability for Coast members during the peak snowbird months of January to March. We felt this was a great idea! Now you can find a PDF on the directory search page of our CoastResorts.com website listing Coast resorts and GNPs in the Sunbelt that have availability for Coast members in the months of January, February, and March 2019. This should make it easier for our members traveling south in the first quarter to narrow their search for available places to stay using the Coast discount rate. Keep in mind that while these affiliates have inventory available to Coast members in the first quarter, inventory is available on a first come/first served basis and therefore may or may not be available when you search an individual resort or call a specific GNP. Since spaces in the Sunbelt are scarce in the winter, particularly discounted spaces, the best policy is to make your travel plans as early as possible.
