

Western Horizon Resorts Re-Affiliates With Coast

21 CampResorts Added to Network

Western Horizon Resorts (WHR), operator of 21 CampResorts in 12 states, has re-affiliated with Coast to Coast Resorts, effective July 1, 2008. The addition of WHR will add three Deluxe and 18 Classic CampResorts approximately 4,600 sites and numerous rental sites and cabins—to the Coast Network.

"We are pleased Western Horizon has re-established its relationship with Coast," remarked Bruce Hoster, president of Coast to Coast Resorts. "We are working to grow the network with those RV resort companies

whose goals closely match our own: superior hospitality, exceptional camping experiences and a high-degree of customer satisfaction. Western Horizon is a leader in our industry with premier resorts that offer outstanding hospitality, quality and value."

Headquartered in Gunnison, CO, WHR was founded in 1984. With over 25,000 members, WHR has properties in Arizona, California, Colorado, Indiana, Louisiana, Michigan, Nevada, New York, North Carolina, Texas, Utah and Washington.

According to Jim Loken, chairman & CEO/president of WHR, "It's important we provide our members with an exceptional outdoor vacation experience. We're confident that when our members travel outside the Western Horizon system to other resorts in the Coast Network, they will have exceptional experiences that underscore the value of private membership camping. And, the leisure options available through Coast enhance their membership value even more."
